Comments:			
<b>Prepared by SPU:</b>		<b>Date:</b>	

Note: This is not a bill. Estimates are based on the customer's pattern of use. If you have received an estimated billing, the Buyer, seller or escrow agent will still need to call 684-3000 or fax a final billing request to 684-5637 with a current meter reading at the time of closing to request a final billing. The customer, agent or SPU staff may supply a meter reading. If SPU does the read, (outside of normal billing schedule), there will be a \$98.00 charge. **Revised 6/12**
